Theme: *Encountering the Temple Scroll with Lawrence H. Schiffman*

We welcome you to a discussion of the myriad professional issues represented among SBL members. With the hope of establishing recurring sessions, this group will focus on the academic and professional wisdom of SBL's elders and provide opportunities for transferring such wisdom, cultivating mentoring relationships, and engaging the generational gamut in the processes of reflection and preparation. Our hope is that scholars and teachers "wise in years" would join us to discuss the current state of the profession, sharing information and techniques across generations, and mentoring scholars and teachers as they shape their own insights and felt-needs. Professor Lawrence Schiffman will take us through the many steps involved in studying a text from the Temple Scroll. We will see how he analyzes the textual character and relation to Scripture, the relevant Qumran and Second Temple parallels, Rabbinic and other materials. We will see how these various resources all contribute to understanding the specific text and the scroll as a whole. The session will be self-reflective from the points of view of method, history of the field and wider historical context. Finally, the session will include reflections on the state of Dead Sea Scrolls study.

Zev Garber, Los Angeles Valley College, Introduction (10 min)

Lawrence Schiffman, Yeshiva University, Panelist (60 min)

Discussion (20 min)
